HOW TO USE

When you don't know what SIC classification to refer to...

- Determine the Industry Classification of interest from the alphabetical index of SIC codes in section three.
- This section will enable you to establish all categories of relevant businesses as defined by four digit SIC codes.
- Then refer to the business listing in section one under the numeric SIC codes desired. The SIC codes are listed as captions in numeric sequence.

When you know the name and location of a business but are not sure of it's classification...

- Refer to section two which lists businesses in alphabetical order and provides the four digit SIC code under which this business is listed.
- Then refer to the business listings in section one under the numeric SIC code desired. The SIC codes are listed as captions in numeric sequence.

When you want to know your market potential...

• Section Two can be used to determine the SIC classifications of your existing customers. Then by referring to the list of all businesses under these SIC codes in Section One you can define your market potential.

HOW STANDARD INDUSTRIAL CLASSIFICATIONS (SIC) WORK FOR YOU...

Definitions of SIC Numbers

The Standard Industrial Classification (SIC) Code number indicates both the function (services, retail, wholesale or manufacturing) and the line of business in which the company listed is engaged.

All listings with the same SIC number are in the same line of business: e.g., book stores 5942; wholesaler of hardware 5072; manufacturer of luggage 3161.

The SIC code is a U.S. government index used to identify business activity.

The first two SIC digits show whether a business is a manufacturer, wholesaler, retailer or service organization within a basic industry. The third and fourth show the specific line of business.

PROSPECTING

CAPITALIZE ON A NEW CUSTOMER'S ENTHUSIASM CREATE YOUR OWN LEADS AND SELL MORE

Are your earnings left to chance or choice? When you wait for prospects to walk in – that's chance! When you take action that creates specific appointments for yourself, that's choice!

A good advertising and promotion program can maintain a certain level of business, and from this you may do fairly well, but – to take full command of your future, your sales, your take home pay – you must **add** a personal prospecting program.

Here's one that works. This system had been used by sales people for years. It is without question the most efficient, the most productive method ever devised to put you face-to-face with interested prospects. Use this system to make more sales and insure your future in selling.

P R O S P E C T I N G

SYSTEM ONE

CAPITALIZING ON A NEW CUSTOMER'S ENTHUSIASM BY PROSPECTING HIS IMMEDIATE NEIGHBOURS

Never underestimate the referral sales power of a new customer's enthusiasm and how it spreads throughout their neighbourhood. When a new product shows up on the block, everyone with an older model is stimulated and **wants** a new one. Mom, Dad and the kids all start selling each other, so now's the time to call and stimulate these neighbours to buy now ... and buy from you.

Here's how to proceed

INSURANCE

GAIN MORE REFERRALS SELL MORE INSURANCE

This form has been designed to assist the insurance agent to gain more referrals and sell more insurance by...

- Getting pertinent information about neighbours after every presentation or from present policy holders.
- Eliminating wasted travel time by being fortified with additional prospects in any given area.
- ◆ Making better use of the enthusiasm of new policy holders.
- ◆ Providing a simple way to coordinate mail, phone and personal call efforts.
- providing a permanent record of the information gained.

HOW TO USE THE DIRECTORY TO INCREASE YOUR SALES

METHOD ONE

Using the directory you can get the names and addresses of the neighbours of your prospect. After your presentation you do not have to ask for the names of people to see, you have the names. You can now ask specific questions about people your prosect knows...

"How many children do your neighbours, the Smiths, have?

"Do you know what Mr. Jones, across the street does for a living?"

"Can you tell me when Mr. Brown is usually at home?"

METHOD TWO

After delivering a new policy you would normally ask for referrals. In most cases, your client would give you one or two of his friends. They may be right in the neighbourhood or they may be at opposite ends of the city. Eliminate wasted travel time and increase your qualified prospect list by asking this simple question...

"Mr. Powers, I will be calling on a few of your neighbours, would you mind if I mention that you are a policy holder of my company?"

A quick check of your directory will give you a personalized prospect list of twenty or more. As neighbours, they will be more apt to see your new client and be exposed to the enthusiasm of a new policy holder.

You may find it helpful to prepare the list of neighbours before you deliver a new policy. Then as in method one, you will be supplied with names and can ask specific questions about people your client knows.

- 1. Put the information about the new listing in the centre, shaded space.
- 2. Working each way from the listing, use your Vernon Directory to secure the names, addresses and phone numbers of the neighbours on the same and opposite side of the street.
- 3. Telephone each one. Here is a sample of how the conversation might go:

You: "Hello, (Mr., Mrs.)	?"		
Neighbour: "Yes"			
You: "Thank you, (Mr., Mrs.)	This is	of	Realty.

Most everyone will be anxious to help, which gives you an opportunity to get all the information you need. Here are some suggested questions you can tactfully ask.

Questions to get prospects for the listed home...

"Have any of your friends or relatives ever mentioned locating in this neighbourhood? Wouldn't this be a good time to let them know about this home? May I call them to arrange a time to see it?"

Questions to get information to help a prospect make a decision...

"I hear children in the room... how many do you have? How old are they?" (Knowing the ages of neighbour children may overcome the prospects' fear that their children won't like the new home.) "What kind of work do you (does your husband) do?" (Knowing that there are two attorneys on the street, for example, may sway a prospect who is also an attorney.)

Questions to gain additional listings...

"Your home is a three bedroom, isn't it? Are you considering a smaller (larger) home as the children grow up?"

Managers, please note:

Your directory representative will be happy to show your sales staff how to use this form and the telephone technique described above. Please call if you feel this service will be helpful.

TELEMARKETING

Vernon Directories is concerned about unprofessional telemarketing practices in our marketplace.

The Canadian Direct Marketing Association has coordinated an alliance of telephone companies, government and consumer groups against companies using unprofessional and illegal telemarketing.

UPSET PROSPECTS RESULT IN LOST CUSTOMERS

The following are telemarketing guidelines developed by the Canadian Direct Marketing Association.

- **1.** Telephone Marketers should promptly identify themselves and the organization represented.
- 2. Telephone presentations must be clear and honest. There should never be attempts to mislead or misrepresent, exaggerate, use partial truths, engage in deception, fraud or false pretense of any sort.
- **3.** Normal rules of telephone courtesy should be observed. Attempts to harass, intimidate, or the use of obscene or vulgar language are unacceptable.
- 4. The privacy of the consumer must be respected by making every effort to make calls at a time and place convenient to the recipient. Vernon Directories recommends that the following time period for outbound calling be observed: 9:00 a.m. to 8:00 p.m. weekdays, 10:30 a.m. to 5:00 p.m. Saturdays. No calling should be conducted on Sundays.
- **5.** Telephone marketers should not call unlisted or unpublished telephone numbers unless a current relationship with the prospect exists.

- **6.** Telephone orders should not be accepted from minors without adult approval.
- 7. Telephone marketers should make conscientious efforts to remove names from their contact lists when requested to do so.
- **8.** All calls should be made within the framework of Federal, Provincial and Municipal Laws.
- **9.** Telephone Marketers should respond to the consumer in a forthright manner, providing the recipient with copies of all pertinent information upon request. Every reasonable effort should be made to ensure that a customer has a thorough understanding of his/her obligations.
- **10.** Whenever monitoring/call observation, and/or tape recording equipment is employed, all applicable statutes must be adhered to.
